CORPORATE TRADE COMPLIANCE POLICY STATEMENT

The reward of being a leader in the global marketplace comes with a heightened responsibility to the world citizenry that it serves. Cisco is committed to compliance with export controls, import controls, trade sanctions and other trade laws applicable to our operations. It is the obligation of every Cisco employee to adhere to Cisco's Global Trade Compliance Policy and procedures along with all applicable export, import and sanctions regulations.

Cisco's Trade Legal & Compliance (TLC) and Global Tax & Customs (GTC) teams provide enterprise-wide legal and trade compliance guidance and operational support for Cisco's business. TLC and GTC also partner with our sales and engineering teams to support our customers, partners, distributors, and others in our supply chain. Our goal is to facilitate and expedite worldwide trade in the most effective and efficient manner by proactively observing international rules and regulations regarding export controls, import controls and trade sanctions.

Cisco's TLC Team publishes extensive compliance policies and procedures at:
