

# CCIE Practice Labs

CCIE® Practice Labs are stand-alone labs that give you access to a topology similar to the one you'll use in your CCIE lab exam.

## Eligibility and price

You can purchase CCIE Practice Labs if you have passed the associated written exam or are in the process of completing your CCNP® certification. And you can use your own computer for remote access, navigation, and learning the technology.

CCIE practice labs are \$50 USD per four-hour time slot, so you can purchase as many sessions as you want while you prepare for your lab exam.

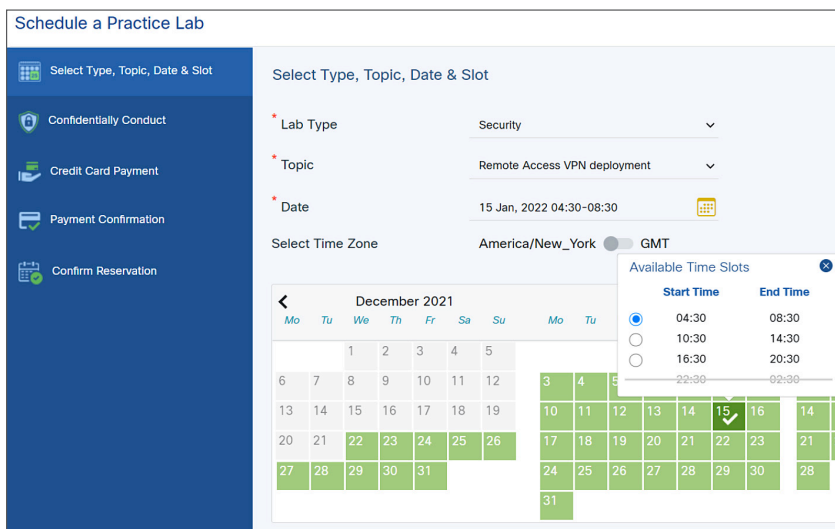

## How to order

Make sure you are registered in our [CCIE portal](#) by providing us with your Written Exam registration ID. Once registered, visit our CCIE Practice Labs registration portal to [reserve your seat](#).

1. Click the Book a Practice Lab button.

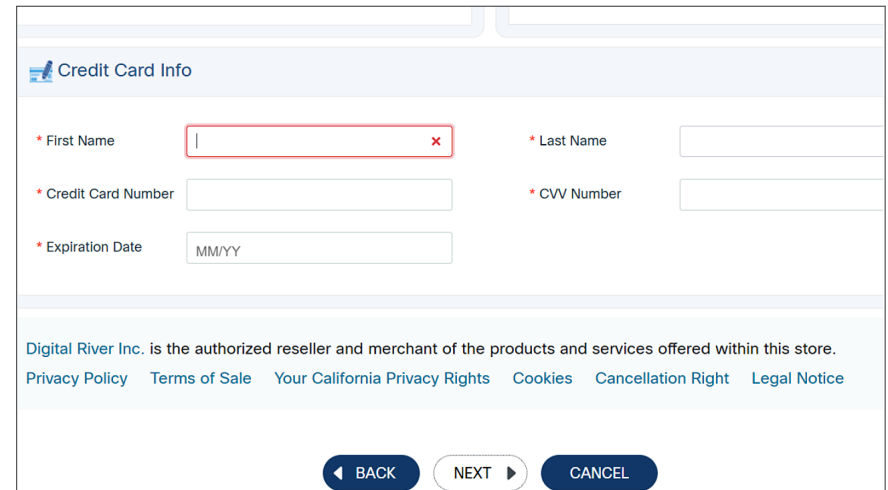

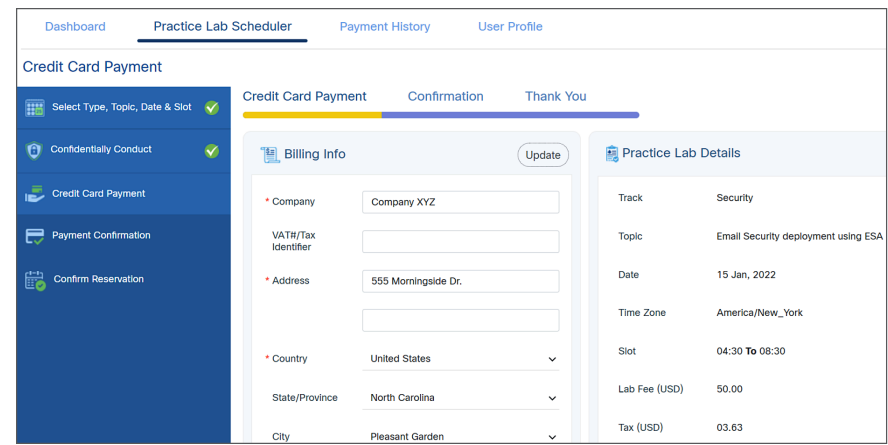

2. Select a Lab Type, Topic, Date, and Time. Note: Unavailable time slots will be crossed out and gray.

3. Agree to the Payment, Confidentiality, and Intellectual Property Ownership statement.

4. Fill out the Billing and Credit Card information.

You'll have unlimited access to equipment, lab scenarios, and playbooks, along with multiple chances to practice, so you can increase your confidence, decrease first-time test jitters, and increase your chances for success.
