Use SPA525G and SPA525G2 as Bluetooth Handsfree

Objective

This document showcases the procedure to use SPA525G and SPA525G2 as a Bluetooth handsfree for the cell phone connected to it via Bluetooth. The Bluetooth feature of the SPA525G/SPA525G2 can be used to pair a cell phone with it. After pairing if the cell phone has the hands-free profile 1.1/ hands-free profile 2.5 feature then the SPA525G/SPA525G2 can act as a Bluetooth hands-free for the cell phone.

Applicable Devices

- SPA 525G
- SPA 525G2

Enable Bluetooth.

Step 1. Press the Setup button on the phone. The Information and Settings menu appears.
