Add a Personal Address Book Entry on the SPA525G and SPA525G2 IP Phones

Objectives

The SPA525G and SPA525G2 IP Phones have address books that can hold contact information for ease of access. Contact information can include a contact's work, mobile, and home numbers while also being able to add a personalized ring tone.

This document explains how to add a contact in the Personal Address Book on the SPA525G and SPA525G2 IP Phones.

Applicable Devices

- SPA525G
- SPA525G2

Add an Entry for the Personal Address Book

Step 1. Press the Setup button on the phone in order to open the *Information and Settings* menu.

Step 2. Navigate to Directories and press Select.

Step 3. Navigate to Personal Address Book and press Select.
