# Collaboration for Primary Education

Free your students from the constraints of the traditional classroom. With collaboration powered by Cisco Webex, it's never been easier to enhance digital learning at your school. Discover the power of the liberated learner.

Student

Optimize learning experiences

- Allow students with multiple learning styles to learn at their own pace
- Provide opportunities for anytime, anywhere on-demand learning
- Extend access to scarce resources, and bring global perspectives into the classroom with secure virtual rooms

Teacher

Extend access beyond the classroom

- Bring educators and students together from various locations, improving access across geographies
- Provide personalized and on-demand learning for students
- Easily share resources and communicate with students and peers outside of class

Administrator

Increase efficiency of administration

- Deliver access to administrative and academic services on any device
- Accelerate communications between faculty and staff
- Simplify workstreams with integrated functionality

Parent

Ensure safe & secure learning environments

- Simplify access to teachers & faculty members
- Allow parents to connect, communicate and collaborate with teachers anytime, anywhere
- Provide visibility and control over student activity and communication
